Monday to Thursday from 08:00 - 14:00

Friday from 08:00 - 12:00

LISA-Creativity Check:

Friday, February 27, 2026

Interviews:

Monday, March 2 or Tuesday, March 3, 2026

You will be informed of the exact dates when you register in person.

Information on the provisional allocation of school places

The provisional allocation of a school place is based on the term report 2025/26 and the annual report of the 3rd grade primary school or the verbal performance description.

Notification of admission

You will receive notification of provisional acceptance or rejection by email **from Friday, March 13, 2026.**

This does not apply to LISA: A **provisional acceptance/rejection** for LISA will already take place **on Wednesday, March 4, 2026**, in the late afternoon, to enable you to register at another school if necessary.

Definitive admission (see also overleaf)

If all admission and aptitude requirements are met, definitive admission will take place on **Friday, July 10, 2026.**

For this purpose, we require a **provisional certificate or confirmation of school success by Monday, July 6, 2026, at the latest.**

Class allocation is the responsibility of the school management and is based on organisational necessity.

Please note the reverse side!

Suitability assessment and certificate verification

§ 40 Abs. 1 SchOG: Admission to the first grade of the general secondary school requires that the fourth grade of primary school has been successfully completed and that the assessment in German, reading, writing and maths for the fourth grade was 'very good' or 'good'; an assessment of 'satisfactory' in these compulsory subjects does not preclude admission, provided that the school conference of the primary school determines that the pupil will most probably meet the requirements of the general secondary school on the basis of his/her other achievements. Applicants who do not fulfil this requirement must take an entrance examination.

The primary school determines your child's suitability for AHS in the penultimate week of the school year and issues a provisional report with all grades.

This must be submitted to our office immediately upon receipt, but **no later than Monday, July 6, 2026.**

Additional information for satisfactory results in German/reading or maths

The **provisional certificate** must confirm **AHS aptitude** in the subject in question.

If no AHS aptitude is certified, an **entrance examination** is required.

Provisional examination dates:

Tuesday, July 7, 2026

Wednesday, July 8, 2026

Written registration is mandatory.
